NASHUA SENIOR HIGH SCHOOL AUDITORIUM

A BRIEF HISTORY OF THE NEW HAMPSHIRE ALL-STATE SYMPHONY ORCHESTRA

At a meeting of the Music Section of the New Hampshire State Teachers Association in the Spring of 1929, the idea of a New Hampshire High School All-State Symphony Orchestra was proposed. This later became known as the New Hampshire School Music Festival Association, a part of the Music Section.

The objectives were three fold: First to stimulate the teaching of music in the schools throughout the State. In some of the smaller communities many children were denied the opportunity of a music program, while in other towns only vocal music was taught in the grades. Second, to stimulate the study of instrumental music and to give pupils who were studying an instrument the opportunity to play a better type of music and also play with an orchestra of symphonic proportions. Many towns boasted a school orchestra which consisted of a violin, drum, piano and several brass instruments. Third, to hold symphonic concerts in different parts of the State so as to show school boards and the people of the surrounding communities what was being accomplished by the teaching of music in the schools where a music program was in operation, and to broaden the horizon of music teaching throughout the State.

After much deliberation a committee was appointed to formulate plans for such an orchestra. In the Fall of 1929 many meetings were held in Manchester to plan for the type of program to be played, the number of players to be used in the orchestra, the method of selecting them, the instrumentation available and the City to have the honor of the first concert. The officers of the Association at that time were Mrs. Esther Coombs of Hampton, Miss Rachel Johnson of Concord and Miss Caroline Wright of Laconia.

The first concert of the All New Hampshire High School Symphony Orchestra was held Friday evening, May 2, 1930 in the gymnasium of the Concord High School as a prelude to the Band, and Glee Club Festival. It was repeated the next day, Saturday at four o'clock as the final event of the Festival. The orchestra was composed of one hundred fifty nine players, with the following instrumentation. Six flutes, one oboe, twenty clarinets divided into first and seconds, five horns, eight trombones divided into first, second and thirds, three tubas, three percussion with one set of tympani, forty-six first violins, twenty-one second violins, six violas, ten cellos, five bass violins and a piano. The instrumentation was not all to be desired but it was a remarkable start.

The performance given by this group was amazing. They were brought together for the first time on Friday morning and with only a few hours of rehearsing they went through the program not with skill alone but with artistry. Newspaper and audience reaction was most enthusiastic. Among the selections played were: March Slav, Tschaikowsky; Overture Light Cavalry, suppe; Pomp and Circumstance, Elgar; Valse Flirtation, Stack and On the Mall, Goldman.

The conductors who shared the program were Elmer Wilson of Nashua, Herbert R. Fisher of Manchester and Edward W. Crawford of Concord. Mr. Wilson and Mr. Fisher continued as conductors for a number of years assisted by music directors from other schools in the State and frequent guest conductors. In 1938 when the orchestra played in the Dartmouth College gymnasium, Dr. Howard Hanson conducted his "Nordic" Symphony. Also as guest conductors were Professor Maurice Longhurst of Dartmouth and Professor Robert Manton of the University of New Hampshire. Guest soloists included Walter Smith, cornet virtuoso, and his two sons at the Hampton Beach Casino in 1933; in 1935 at Laconia, Roland Tapley, violinist of the Boston Symphony Orchestra.

Throughout the years great progress has been made in our school music programs. Directors and supervisors are to be commended for their dedicated and forward looking service to the cause of Music Education in our State.

MAY THEY GO ON TO FURTHER HEIGHTS IN THEIR ENDEAVOR TO BRING THE BEST OF MUSIC AND MUSIC INSTRUCTION TO THE PUPILS OF OUR SCHOOLS.

THE NEW HAMPSHIRE ALL-STATE CONCERT FESTIVAL

The New Hampshire All-State Concert Festival is an annual presentation of the New Hampshire Music Educators Association and is comparable in scope and purpose to similar state and regional music festivals held throughout the country each year. Such festivals provide opportunities for outstanding high school musicians selected by audition of their individual performance and recommendation of their supervisor to meet and perform together in large, select musical organizations under the direction of outstanding guest conductors. This enables us to credit those with special interest and talent to additional recognition and a worthwhile musical experience that promotes immeasurable individual gain and improvement. These inspiring experiences not only enhance the musical growth of the students selected to take part, but also the musical growth of each community represented and eventually the entire state and nation.

The participating students deserve your appreciation and encouragement for they have worked very diligently and enthusiastically for the best possible performance of each group under the leadership of their very able guest conductors.
